BUILDING DEPARTMENT
(914) 944-2770

HOME HEATING SAFETY TIPS

Heating equipment is among the leading causes of home fires nationally and in New York State. Very often heating related fires are the result of a lack of maintenance or simple acts of carelessness. Following the guidelines below will help to ensure that you reduce the possibility of experiencing a heating related fire.

Proper Maintenance and an annual inspection of furnaces, space heaters, wood stoves, fireplaces, chimneys and chimney connections by qualified specialists can prevent fires and save lives. Follow the manufacturer's instructions for installation, venting, fueling, maintenance and repair. Review the owner's manual to make sure you remember the operating and safety features.

- ⇒ **Space Heaters**—When using portable heaters, do not place them where it is possible for small children or pets to fall against them and receive a contact burn. Avoid the use of extension cords with electric heaters. Always turn off space heaters before leaving the room or going to bed.
- ⇒ **Fuel Burning Appliances**—When taking a heater out of storage in the fall, install batteries and inspect the shut off mechanism and wick for proper operation. Fill the tank with fresh fuel. Let the heater cool down before refueling. Adding fuel to a hot heater can start a dangerous fire.
- ⇒ **Wood Burning Appliances and Fireplaces**—Do not burn trash in the wood stove or fireplace. Burn only well-seasoned hardwoods. Be sure the fire you build fits your fireplace or stove, don't overload it. Be sure wood stoves are installed at least 36 inches away from the wall. Keep combustible material well away from the fireplace, stove and chimney. Keep the area around them clean. Always use a fireplace screen to prevent sparks from leaving the fireplace and starting a fire. Never leave a fire unattended.
- ⇒ **Chimneys**—Creosote accumulation is the leading cause of chimney fires. A chimney that is dirty, blocked or is in disrepair can inhibit proper venting of smoke up the flue and can also cause a chimney fire. Nearly all residential fires originating in the chimney are preventable. An annual chimney inspection by a qualified chimney sweep can prevent fire or carbon monoxide poisoning.
- ⇒ **Ashes**—Keep wood stoves and fireplaces free of excess ash buildup. Excessive ash buildup prevents good circulation of air needed for combustion. When removing ashes, use a metal container with a tight-fitting cover. Always place ashes in an outside location away from structures. Ashes that seem cool may contain a smoldering charcoal that can start a fire.

LAW PARK ICE SKATING RINK

The temporary ice skating rink that was installed last year on Tennis Court #4 in Law Park will be back this season, once again replacing the Law Park Pond as our official location for recreational ice skating for our residents. The rink measures 96' x 56' and will open for use as soon as natural freezing can be achieved. Locating the rink system inside Law Court #4 comes with the benefit of being able to offer night skating utilizing the court's lighting system. The schedule will feature hours for open skating, specific time slots for "pond hockey" play, and you'll even be able to rent time at the rink for private skating parties if you wish. Further details regarding the operation of the skating rink are available on the Recreation page of the Village website at www.briarcliffmanor.org.

SKI/SNOWBOARD PROGRAM

The Recreation Department is once again offering Ski and Snowboarding programs this winter season. Registration is now open for "Hitting the Slopes", a program for grades 5-8 that features four Thursday afterschool trips (3:30-9:30 pm) to Thunder Ridge Ski Area in Patterson, NY. This program includes transportation, lift ticket and supervision for the 4 trips scheduled to take place January 9, 16, 23 and 30. There is also a special lift ticket & lesson program offering at Thunder Ridge for skiers in grades 1-4 and snowboarders in grades 3-4. This program requires parent transportation and also includes a discounted lift ticket offer for other family members. In addition to the Thunder Ridge programs, plans are in the works to offer a few "Family & Friends" Ski days this winter with Coach Bus transportation provided to mountains such as Windham and Jiminy Peak. Please visit the Recreation page of the Village website at www.briarcliffmanor.org for further details, or contact Kyle Peterson at kpeterson@briarcliffmanor.org if you have any questions or would like to be involved in planning the Family day trips!
